PARI TRAINING INSTITUTE

Introduction

The International Anti Corruption Academy (IACA), located in Laxenburg, Vienna, Austria is the world's best institution for imparting capacity building training programmes to officers working in State owned enterprises and other government institutions. The IACA advances the goals of the United Nations Convention against Corruption, promotes the rule of law, and provides support and technical assistance for states, organizations, corporations, and other stakeholders.

The principal mission of IACA is to deliver and facilitate anti-corruption education and training for professionals and practitioners from all sectors. Their holistic curricula address a wide range of disciplines and cater to various regions of the world. Furthermore, they also advance an understanding of the cross-cutting and devastating nature of corruption and thus call for a broader contextualization.

Most importantly IACA has been approved by the Central Vigilance Commission (CVC), in consultation with Department of Personnel and Training (DoPT), Government of India and the CVC has been nominating and sending CVOs and officers from other government departments for the last 4-5 years to IACA.

PARI Training Institute has been conducting two extremely popular courses for the PSU executives on Vigilance for the last 2 years viz. (i) Two Days Online Course on Preventive Vigilance based on the module recommended by the CVC; and (ii) Three Days Online Course on Vigilance Administration. More than 300 executives up to the level of General Manager have attended these courses so far and during interaction with them the Faculty at Pari Training Institute felt the need for organizing an international course for better exposure of the mid-level executives in the PSEs and Public Sector Banks to the prevailing international anti-corruption practices and therefore, we made a tie up with the IACA for a week long course.

To begin with Pari Training Institute in collaboration with IACA, Austria has proposed a week-long training programme in March and April 2022. The first batch in March 2022 will comprise the participants of the rank of CGM, GM and DGM and the second batch in April 2022 will comprise of the participants of the rank of Chief Manager, Senior Manager and Manager.
