Parliamentary and Administrative Research Institute (PARI)

Parliamentary and Administrative Research Institute (PARI Training Institute) was established in 2017 with a view to undertake meaningful research on parliamentary and administrative issues in India and provide capacity building courses on Parliamentary Procedures, Public Policy Management, Public Health Policy Administration, Anti-Corruption and Vigilance Management, Gender Sensitisation, Mental Health: First Aid etc. which enable

the stakeholders to build their capacity and be efficient in public service.

These online capacity building courses are tailor-made for officers of the Ministries/Departments, Autonomous bodies and PSEs under the central government. PARI has organised 73 domestic and 24 overseas courses and over 200 govt. organisations have nominated their officers to PARI for various training programmes so far.

About the Programme

A proper vigilance management is the key to good governance. The Central Vigilance Commission (CVC) has been playing a pivotal role in inculcating ethical values and integrity among public servants. The mission and vision of the CVC has been to promote integrity in the governance process by creation of a credible deterrence against corruption through prompt enforcement of anti-corruption laws and regulations; undertaking effective preventive measures to minimise the scope of corruption; and raising public awareness to inculcate ethical values and reduce society's tolerance towards corruption.

PARI Training Institute, with a view to supplement the efforts of the CVC towards building a corruption-free governance, has designed this 30-hour Online Certificate Programme on Preventive Vigilance and Good Governance. The programme is a rigorous, expert-led course that equips participants with the knowledge and tools to navigate the vigilance landscape with confidence, integrity, and strategic insight. It blends legal frameworks, real-world case studies, ethical dilemmas, disciplinary procedures, and best practices into a comprehensive four-week learning journey.

Why Attend this Programme

- Understand the CVC framework, its mandate, and India's vigilance regulatory ecosystem
- Shift from punitive to preventive vigilance — build proactive systems and internal controls
- Master CCS (CCA) Rules, chargesheet drafting, and disciplinary proceedings with confidence
- Navigate departmental enquiries and understand the role of IO, PO, and Disciplinary Authorities
- Strengthen ethical decision-making and confidently handle dilemma situations in service
- Leverage technology — PIDPI mechanism, GeM, e-procurement, and cyber hygiene tools
- Learn from India-specific case studies in PSUs across Railways, Banking, Defence, and Infrastructure
- Understand whistleblower protection mechanisms and complaint handling procedures
- Earn a PARI Online Certificate of Completion

Training Methodology

1. Expert-Led Live Sessions

Each session is conducted by senior practitioners — retired IAS/IPS officers, CVC officials, legal experts, and governance specialists with decades of hands-on experience in the Indian public sector.

2. Case Study Discussions

Every module is anchored to real-world case studies drawn from Indian CPSEs across Railways, Defence, Oil & Gas, Banking, and Infrastructure sectors. Participants analyse actual vigilance situations and discuss appropriate responses.

3. Interactive Exercises

Participants map vigilance risks in their own organisations and present findings for peer review — converting learning directly into organisational action plans.

4. Pre-Session Reading Materials

Curated readings, CVC circulars, DoPT orders, and key judgments are shared 48 hours before each session to maximise the quality of live discussion.

5. Post-Course Assignment

A structured one-page note identifying a vigilance or governance issue in the participant's own organisation — reviewed and personally responded to by faculty.
